

Plus Read-Only User License

Overview	PPM Plus® application suite includes the Read-Only User License for users that only perform account inquiry functions. Read-only users can view all information in the account profile, including statement messages, payment entry messages, and payment plans. The read-only user cannot add or change account information; however, they can enter notes on the account as needed.
Features	<ul style="list-style-type: none"> ▪ Data entry security so changes cannot occur at the account level ▪ Full access to enter notes on accounts ▪ Visibility to all aspects of the charge, including demographics, insurance, case and procedure data ▪ Visibility to payment detail
Benefits	<ul style="list-style-type: none"> ▪ Cost efficient way to give access to the Plus application suite for office personnel. ▪ Explicit control of which users can input patient data and which users cannot. ▪ Improve efficiency by distributing access to personnel by workflow. ▪ Increase security of vital information. ▪ Upgrade to Full User License within six months of purchase.
